Productivity

"Before, I never got answers. I'd ask why we were slow, and the response would be, 'We had to stay two hours late to finish the order.' But now with FPI, I can see the first case didn't hit the robot until 7 a.m. There's no hiding from the data."

-Jim LaRocco, *Director of Manufacturing & Fulfillment*
Garrett Popcorn SINCE 1949

Your Dashboard for Operational Success

The FPI dashboard gives your team instant visibility into performance on:

SKU Specifics

Production rates and
trend analysis for SKUs
on your line

Target Tracking

Monitor cases
produced, time to goal
projections
