# GET REAL DATA TO DRIVE REAL RESULTS.

## Your Dashboard for Operational Success

### SKU SPECIFICS

Production rates and trend analysis for SKUs on your line

### TARGET TRACKING

Monitor cases produced, time to goal projections

### VISUAL CUES

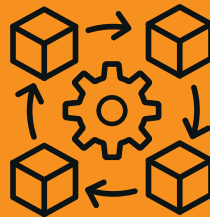

Bilingual and color coded performance, trendline direction

## Access Your Production Data — Free Today

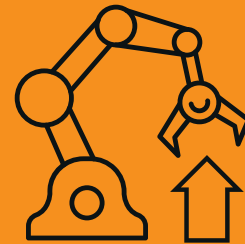

### MEASURE REAL TIME DATA

Delivers real-time production data instead of relying on guesswork.

### ANALYZE & OPTIMIZE

Use data from your production lines to eliminate errors, bottlenecks, and inefficiencies.

### DRIVE PRODUCTIVITY

Establish repeatable production standards and create measurable accountability for team performance.

“Before, I never got answers. I’d ask why we were slow, and the response would be, ‘We had to stay two hours late to finish the order.’ But now with FPI, I can see the first case didn’t hit the robot until 7 a.m. **There’s no hiding from the data.**”

-Jim LaRocco, Director of Manufacturing and Fulfillment, Garrett Popcorn
